## AVOID ROOFIED DRINKS

**Keep your friends close and your drinks closer**

**DON'T** accept drinks from strangers unless you receive them directly from the bar staff.

**DON'T** leave your drink unattended in a bar, club or other public location. Take it with you or if you do leave it for a time, buy yourself a new drink to avoid being drugged without your knowledge.

**IF YOU FEEL UNWELL** after only one or two drinks, let the bar or club staff or your friends know and go to a safe and secure area immediately. Consider seeking medical attention if warranted.

## DATING / HOOKUP SAFETY

**SNAP A PICTURE** of anyone you meet for the first time and email it to yourself or a trusted friend. Include the name and phone number of the person if you have it.

**STAY ALERT** and watch your friends and those around you. If you see anything suspicious report it to the bar staff, security or the door person.

**DON'T GET WASTED** especially if you intend to pick up.

## REPORT ALL CRIMES & SUSPICIOUS ACTIVITY

**TRUST YOUR INSTINCTS** and if your gut is telling you that something isn't right, or this is too good to be true, it just may be. Better to walk away from something than to regret it later on.

**REPORT** anyone who steals from you, assaults you or abuses you in any way. If you don't report it their next victim could suffer worse.

**SAFE REPORTING** is possible with the police who will keep your details confidential. If you feel uncomfortable reporting to the police directly you can contact **Stop the Violence**.
