INTRODUCTION

As part of our long-term work, the **SFPD LGBTQ+ Forum** seeks to connect with and exchange ideas with other LGBTQ+ focused groups within Law Enforcement throughout the United States and around the World. This helps to broaden our own understanding of how diversity and community relations work in other areas and may offer us insights and ideas to bring back to San Francisco or share with other partners.

This document lists the Worldwide Liaisons we have established to this point.

As a permanent Forum member, we do encourage you to reach out to local law enforcement LGBTQ+ organizations and officers when you travel, around the State, around the Country, or around the world.

In Vancouver, we are very much in the early stages, having had just an initial “getting to know you” meeting. Our first formal meeting is June 15, 2023.

Out To Protect, Santa Rosa, California

“**Out To Protect**” was formed to create a greater awareness of the gay, lesbian, bi-sexual, and transgender professionals working in law enforcement and to support those pursuing a law enforcement career.

Out To Protect Incorporated is a 501(c)(3) tax exempt organization. All donations made to Out To Protect are fully tax deductible. We are a recognized and registered public benefit corporation. Our goal is to give out 90% or more of every donated dollar in the form of scholarships for LGBT students wishing to attend a law enforcement academy in the United States.

We provide professional development and training, grants for law enforcement, and scholarships to law enforcement recruits who are “out” as gay, lesbian, bi-sexual, transgender, or a straight ally and who are outstanding role models for their fellow professionals. We also support educational programs and projects that increase the awareness and success of gay, lesbian, bi-sexual, and transgender law enforcement professionals.

Palm Springs Police Department LGBTQ+ Outreach Committee

Mission Statement:

“Serve as an advisory committee that elevates the voice of the diverse realities and lived experiences of the LGBTQ+ community, offering suggestions to further the effectiveness of the Palm Springs Police Department’s commitment to diversity.”

Purpose:

The PSPD LGBTQ+ Outreach Committee is committed to representing and engaging the diverse realities of LGBTQ+ people across gender, race, class, disability, language, citizenship, marginalized communities, status, and other intersectional identities when it comes to policing in the City of Palm Springs and bringing direct feedback to the Palm Springs Police Department.

An outstanding example of the diverse volunteer groups working with the Palm Springs Police Department is the PSPD LGBTQ+ Outreach Committee. Because the LGBTQ+ resident population and tourism industry is an important demographic in Palm Springs, the Department has a long history of collaboration and cooperation with LGBTQ+ citizens. One of the more important but less well-known of our department’s many volunteer opportunities, the LGBTQ+ Outreach Committee is the perfect fit with our philosophy of partnering with the community to fight crime and improve the quality of life in our beautiful city.

The PSPD LGBTQ+ Outreach Committee was formed in 2001 in response to a series of assaults and robberies of gay men in the Warm Sands area. Because the suspects were targeting gay men, the crimes were obviously motivated by bias – in other words - Hate Crimes. Community members approached the department and

LGBTQ.Forum@sfgov.org

requested that an ad-hoc group be formed to alert the members of the gay community and to begin to provide education on how to avoid becoming a victim, what to do if you became a victim, how to report a hate crime, and to lessen the reluctance that some people have to report such crimes.

A series of community meetings were held to discuss these topics. The committee grew from there, and some of the original members are still active contributors. The current membership draws from motivated citizens and sworn officers and civilian employees of the Department, including several acknowledged leaders on LGBTQ+ issues in our community. The Committee meets monthly to dialogue on LGBTQ+ topics and issues, including changes in law and legislation.
